Abdul Rehman

AI Web Developer & Agentic AI Engineer

Karachi, Pakistan · hello@velcarro.com · linkedin.com/in/abdulrehman-undercraft · github.com/rahmangamer12 · abdulrehman-undercraft.vercel.app

SUMMARY

AI web developer and agentic AI engineer who builds complete products end to end: interface, database, authentication, payments, AI features and deployment. Co-Founder of Undercraft Studio, working with businesses in Qatar and the Gulf, and founder of the Velcarro online store. Ships production Next.js apps, AI agents and automations, multi-language and Arabic right-to-left e-commerce, and WordPress sites. Following the PIAIC / Panaversity Agentic AI path (Forward Deployed Engineer track).

EXPERIENCE

Co-Founder · Undercraft Studio · undercraftstudio.com

- Design and build websites, web apps and AI solutions for businesses, with a focus on Qatar and the Gulf.
- Delivered e-commerce stores with admin panels and WhatsApp ordering (AD Online Store, MS Customize, K TECH Printing).
- Built a bilingual English / Arabic tailoring store with bookings and order tracking (Dar Al Zahra).
- Built WordPress restaurant sites with Elementor and custom child themes, including online pickup ordering.

Founder · Velcarro · velcarro.com

- Built and run my own online store: catalogue, cart, checkout, accounts and admin, in 12 languages including Arabic and Urdu (RTL).
- Next.js 16, React 19, Tailwind CSS v4, Clerk, Supabase; continuous deployment on Vercel with a custom domain and email routing.

SELECTED PROJECTS

AutoReview AI · ai-review-writer.vercel.app
A full SaaS that pulls in reviews, analyses sentiment and drafts on-brand AI replies a person approves before they go live. Stack: Next.js 16, TypeScript, Clerk, Prisma, Neon Postgres, Polar, Claude / Gemini / Groq.

Jawab Desk Pro · jawab-desk-pro.vercel.app
A marketing site plus client portal and admin: review replies with approval, a profile health score, website checks and monthly reports. Stack: Next.js, TypeScript, Neon Postgres, Better Auth, Groq, Vercel.

Rehman Mail · rehman-mail.vercel.app
Campaigns, audiences, automations, A/B subject tests, signup forms, landing pages and a preference centre. Stack: Next.js 16, TypeScript, Neon Postgres, Better Auth, Vercel AI SDK, pg_cron.

SiteProof · siteproof-app.vercel.app
The technician records a voice note and adds photos; the app returns a signed job report in English and Arabic. Stack: Next.js, TypeScript, Groq Whisper, Cerebras, Gemini, PWA.

Dar Al Zahra · daralzahra.vercel.app
Full English / Arabic store with a one-tap switch and complete right-to-left layout. Stack: Next.js, TypeScript, Neon Postgres, Drizzle, Clerk, PWA.

Renewlo · renewlo.vercel.app

Never miss a renewal: health cards, licences, Istimara and contracts in one list, with WhatsApp reminders. Stack: Next.js, Neon, Clerk, PWA.

Gap Atlas 2026 · gap-atlas-3d.vercel.app

64 real unsolved problems found and checked by a 303-agent AI research run, on an interactive 3D globe. Stack: React, Three.js, AI agents.

Tarjuman · tarjuman-web.vercel.app

My own translator for Arabic, Farsi and Urdu chats: Android app, Chrome extension and web app. Stack: Kotlin, Chrome extension, AI.
